

RADCOR-LoopFest 2021

Friday, 21 May 2021

Friday Parallel I.B - Room B (08:00 - 09:55)

-Conveners: Matthias Steinhauser

time	[id] title	presenter
08:00	[48] Apply NLP SCET in Higgs amplitudes induced by light quarks	WANG, Xing
08:30	[49] Next-to-soft virtual correction to differential cross section at LHC	A H, Ajjath
09:00	[50] Two-parton scattering in the high-energy limit: climbing two- and three-Reggeon ladders	VERNAZZA, Leonardo
09:30	[51] Regge limit constraints for the soft anomalous dimension at four loops	MAHER, Niamh
