

# RADCOR-LoopFest 2021

## Thursday 20 May 2021

### Thursday Parallel II.A - Room A (10:30 - 12:25)

-Conveners: Alexander Penin

time	[id] title	presenter
10:30	[110] Nested soft-collinear subtractions for deep inelastic scattering	ASTERIADIS, Konstantin
11:00	[111] Importing perturbative QCD methods into gravitational wave physics	ZENG, Mao
11:30	[112] Feynman integrals for binary systems of black holes	WEINZIERL, Stefan
12:00	[113] The gravitational potential at fifth order	MAIER, Andreas
