

**Session Program**

**6-10 Sept 2010**

**CKM2010 - 6th International Workshop on the  
CKM Unitarity Triangle**

***Plenary***

University of Warwick

# Tuesday 7 September

09:00

## Plenary

**Session** | **Location:** University of Warwick, LT3 | **Convener:** Prof. Paul Harrison

09:00–09:10

### Welcome

**Speakers**

Prof. Koen Lamberts, Tim Gershon

09:10–10:05

### Open issues in flavor physics

**Speaker**

Paride Paradisi

10:05–10:45

### Status and prospects for flavour physics at hadron colliders

**Speaker**

Guy Wilkinson

10:45

11:05

## Plenary

**Session** | **Location:** University of Warwick, LT3 | **Convener:** Gary Barker

11:05–11:45

### Progress in lattice QCD relevant to flavour physics

**Speaker**

Junko Shigemitsu

11:45–12:20

### Plans for future B factories

**Speaker**

Peter Krizan

12:20–12:40

### Current and future kaon experiments

**Speaker**

Marco Sozzi

12:40–13:00

### Current and future charm experiments

**Speaker**

Yangheng Zheng

13:00

## Thursday 9 September

16:15

### Plenary: Tribute to Nicola Cabibbo

**Session** | **Location:** University of Warwick, LT3 | **Conveners:** Tim Gershon, A.Stocchi

16:45

16:15–16:45 **The scientific legacy of Nicola Cabibbo**

**Speaker**

Guido Martinelli
