

EUCAS 2021 CALL FOR ABSTRACTS

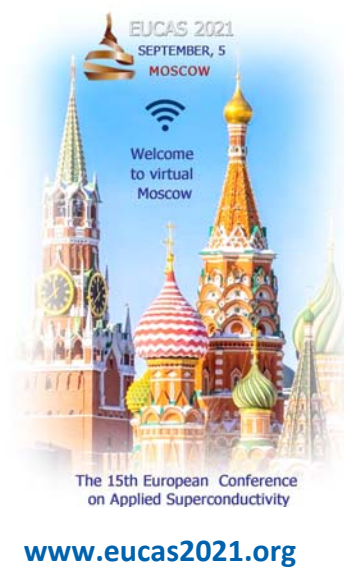

The 15th European Conference on Applied Superconductivity (**EUCAS 2021**) will be held in a virtual format beginning on **Sunday, September 5, 2021**. The duration of the conference will be specified after clarification of a virtual format.

The conference headquarters are located in Moscow, Russia.

EUCAS 2021 is an international forum to discuss all aspects of applied superconductivity: from materials to applications, from established LTS materials to prospective HTS materials, from small-size to large scale, and superconducting electronics. The Programme will consist of plenary sessions, focused and special sessions, and oral or poster presentations. Authors are requested to submit abstracts via the [INDICO submission website](#).

Submitted abstracts will be reviewed for content and when accepted, will be used to develop the Technical Programme. All authors of accepted Oral and Poster abstracts are expected to submit their presentations two weeks before the Conference, by August 20, 2021. All Plenary, Oral and Poster presentations will be available to all conference attendees.

The conference motto is "**Superconductivity for Green Energy**". Special events dedicated to this subject will be organized.

Abstract Submission Deadline: April 8, 2021

Publications

The EUCAS 2021 manuscripts will be published in a special issue of the IEEE TRANSACTIONS ON APPLIED SUPERCONDUCTIVITY. Submitted manuscripts will be subject to the usual peer review procedures of the Transactions. Articles accepted for publication will be available online soon after the date of acceptance and will be identified by an article number. It is anticipated that articles will begin to be available for download and citation within 3 months after the Conference. The collected articles will also be published in print in the June 2022 issue of IEEE TRANSACTIONS ON APPLIED SUPERCONDUCTIVITY.

Technical Submission Categories (Main Topics)

- | | |
|--|--|
| 11 Superconducting wires and tapes | 23 Other large size applications |
| 12 Superconducting materials and compounds | 24 Design, ancillaries, and technology |
| 13 Properties of superconducting materials | 31 Superconducting electronic devices and circuits |
| 21 Superconducting magnets | 32 Superconducting detectors |
| 22 Electric power applications | 33 SQUIDs and sensors |

The complete list of technical submission categories can be found on the EUCAS 2021 [website](#).

Important Dates

- | | |
|--|---|
| Abstract Submission Opens: January 4, 2021 | Presentation Upload Deadline: August 20, 2021 |
| Abstract Submission Deadline: April 8, 2021 | Start of the Conference: September 5, 2021 |
| Conference Registration Opens: May 20, 2021 | Paper Submission Deadline: September 6, 2021 |
| Abstract Acceptance Notification: May 20, 2021 | |

Conference Information

All conference and exhibit related information will be made available on the conference website at [www.eucas2021.org](#). For any additional inquiries, please contact the Conference Management.
