
SFT News

SFT Group Meeting, 12 October 2020

Directorate Information Meeting

- ❖ Updated information can be found on the slides of the recent Directorate Information meeting last week on Thursday
 - ❖ News from the September Council Week (F. Gianotti)
 - ❖ Status of LS2 and accelerators (F. Bordry)
 - ❖ Status of the experiments (E. Elsen)
 - ❖ Update on COVID-19 measures (J. Purvis, C. Warakaulle)

Travel Related Quarantines

- ❖ 10 days quarantine duration
- ❖ If the travel was on behalf of CERN, for urgent family reasons, travel started before country / area was classified high risk
 - ❖ Telework or, if not possible, remunerated quarantine.
 - ❖ Urgent family reasons are defined in the Staff rules and regulations; the ED included joining of spouse / partner / child / parents at their place of residence
- ❖ If the travel was for other reasons, 50% / 50% telework and annual leave, or 100% annual leave if telework is not possible

Flu Vaccination

- ❖ CERN is offering a flu vaccination to anyone working on CERN sites (MPE, MPA and contractors)
- ❖ Vaccinations will be available from 15 October to 13 November at four locations on the Meyrin site (Buildings 13, 30, 504 and 510) and LHC points 1 and 5
- ❖ Reservation is mandatory and can be made at <https://cern.ch/plamed>

Events

- ❖ CERN-EP /IT Data science seminar - Wednesday 14 October- 14h00
