

Quo Vadis CBI-like Teacher's Meeting Nov 31-Dec 1, 2020

OUTLINE OF DRAFT STRATEGY PLAN
Markus Nordberg

OUTLINE OF STRATEGY PLAN IN PROGRESS

Rationale: Requested by ID2 Advisory Body (ISAB) to set priorities

- Approach:
 - Primary Activity Drivers: EU-funded projects like ATTRACT and Crowd4SDG
 - Activities grouped into:
 - **ATTRACT (Phase-2) & Crowd4SDG**
 - **CBI-like** – Feeding & Supporting ATTRACT
 - **CERN Community offerings (tech workshops etc.)** – «CERN Must»
 - **Other (internal/external WS, Hacks, Exec Mgmt etc.)** – Nice to have but needs resources
 - Current activity description can be found in our Progress Report
- Implications to Student Activities:
 - To maintain **priority**, there needs to be a connection with **ATTRACT**
 - For example, exploring use of technologies from the funded project(s). Examples here
- We wish to continue pushing «CBI-like» to new heights (post-COVID)!
 - By 2025, we wish to have in place «The coolest MSc-level offering on Planet Earth»
 - «From Planet B back to A, but better» – From Terraforming to SDGs (Examples: NASA, EU)

Year 1 (2021) IdeaSquare

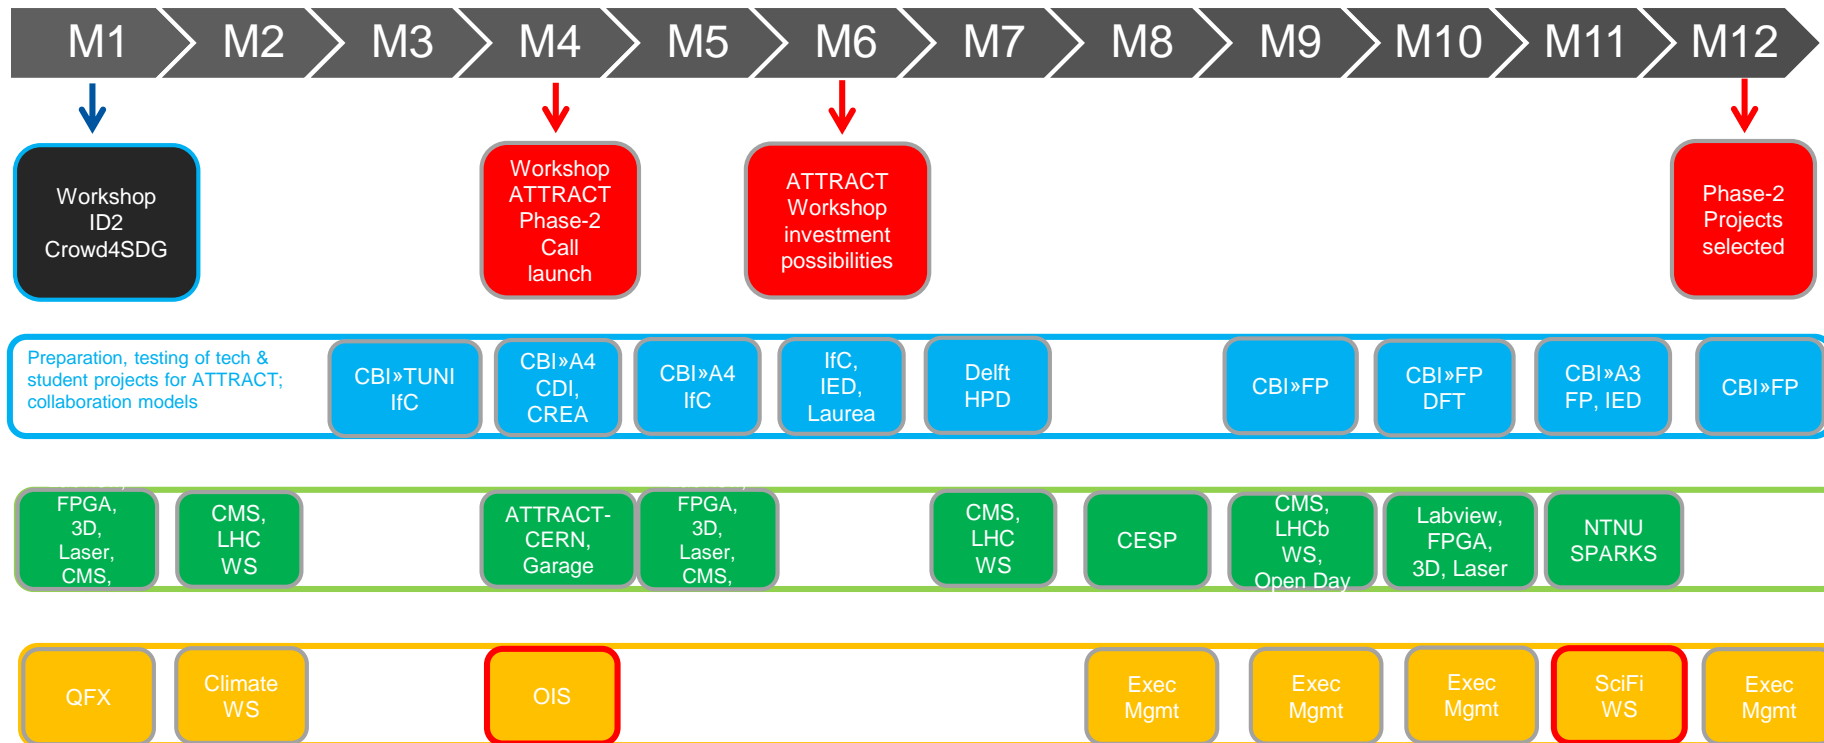

ATTRACT Phase-2

Crowd4SDG

CBI-like student projects

CERN Community

External WS, Hacks, Events (SDG)

Year 2 (2022)

ATTRACT Phase-2

Crowd4SDG

CBI-like student projects

CERN Community

External WS, Hacks, Events (SDG)

M1 > M2 > M3 > M4 > M5 > M6 > M7 > M8 > M9 > M10 > M11 > M12

Start and continuation of Young Innovator & Entrepreneurs student projects

Kick-off
Phase-2
projects
start

1st WS
Young
Innovators

CBIX

Continue developing CBI-like concepts
for citizen scientists

Continue CBI-like activities; organize special
events for ATTRACT; new collaborations

Special
Student
Event

Special
Student
Event

Continue organizing CERN-targeted offerings

SPARKS

Continue hosting SDG WS, Hacks; Exec Mgmt offerings; pilots for Science Gateway

Science
Gateway

Year 3 (2023)

ATTRACT Phase-2

Crowd4SDG

CBI-like student projects

CERN Community

External WS, Hacks, Events (SDG)

Socio-economic WS

Tech Trans WS

2nd WS Young Innovators

Continuation of all ATTRACT-related projects; AFC preparations

CBIx

Continue developing CBI-like concepts for citizen scientists

End of Crowd4S DG

Special Student Event

Special Student Event

Continue CBI-like courses to support ATTRACT; new initiatives

Continue organizing CERN-targeted offerings, incl. SPARKS

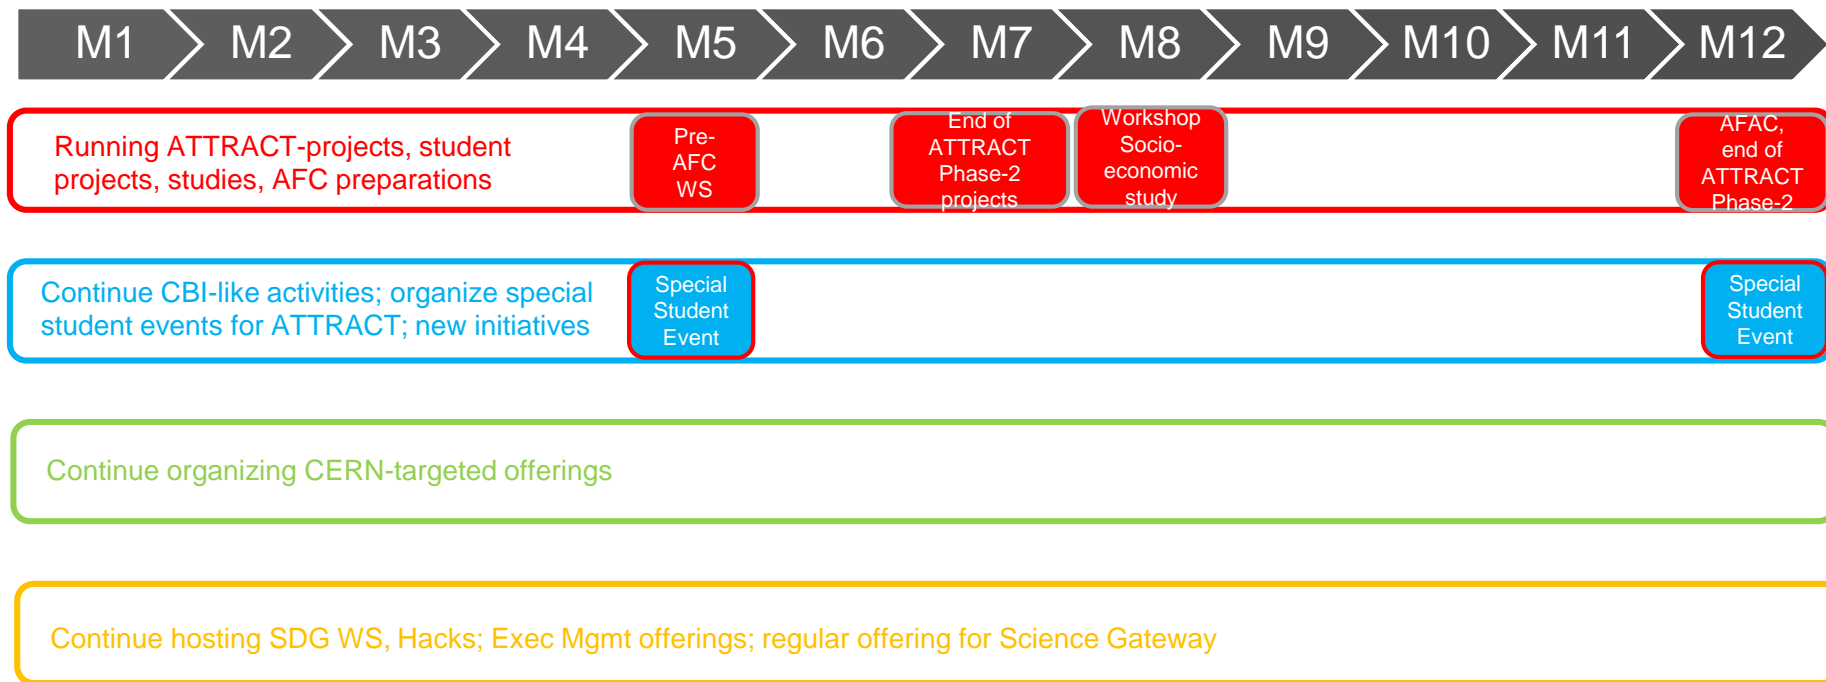

Continue Exec Mgmt offerings; Hacks; offerings for Science Gateway

Science Gateway

Science Gateway

More detailed breakdown expected to be similar to 2021

Year 4 (2024)

Year 5 (2025)

M1 > M2 > M3 > M4 > M5 > M6 > M7 > M8 > M9 > M10 > M11 > M12

If ATTRACT Phases 1 and 2 are repeated in Horizon Europe, organize Calls, support the projects involving students, organize periodic events

Continue CBI-like activities; organize special student events for ATTRACT

Continue organizing CERN-targeted offerings

Continue hosting SDG WS, Hacks; Exec Mgmt offerings (?); regular offering for Science Gateway
