Wednesday 23 June

10:30

Low x, PDF session II

Session | Location: Kavala (Greece)

10:30–10:50 **High-energy amplitudes in the next-to-leading order**

Speaker

Ian Balistky

10:50–11:10

Next-to-leading order Photon Impact Factor in Deep Inelastic Scattering at small-x

Speaker

Giovanni Chirilli

11:10–11:30

NLO BFKL with conformal invariance

Speaker

Andrey Grabovsky

11:30–12:00

Measurements of the proton structure in the electroweak regime at HERA

Speaker

Ringaile Placakyte

12:00–12:20

Non-linear evolution in CCFM and the saturation scale

Speaker

Emil Avsar

12:20–13:00

Discussion session: PDFs, FL, QCD fits, NLO BFKL

Speaker

Fernando Barreiro, Alan Martin, Voica Radescu

13:00
