

**Session Program**

**23-27 Jun 2010**

**Low x 2010**

***Diffraction session V***

Kavala (Greece)

# Friday 25 June

08:30

## Diffraction session V

Session | Location: Kavala (Greece)

08:30–08:50 **News on diffractive exclusive Higgs production**

**Speaker**

Marek Tasevsky

08:50–09:10 **New techniques for diffractive measurements at the LHC**

**Speaker**

Mario Campanelli

09:10–09:30 **Exclusive diffractive Higgs and Jet production at the LHC in FPMC**

**Speaker**

Rafal Staszewski

09:30–09:50

**Exclusive diffractive production of heavy quarks and background for exclusive Higgs production**

**Speaker**

Antoni Szczurek

09:50–10:15 **Leading baryons at HERA**

**Speaker**

Vitaliy Dodonov

10:15
