

IAS Program on High Energy Physics (HEP 2021)

Contribution ID: 90

Type: not specified

#3: Generation of Single Cycle Tunable Radiation Pulses from THz to Mid IR Using Frequency Downshifting in Plasma Wakes

Friday 15 January 2021 14:10 (20 minutes)

Presenter: NIE, Zan (University of California, Los Angeles)

Session Classification: Mini-workshop: Plasma Acceleration

Track Classification: Accelerator
