Compute Accelerator Forum

- Today's Meeting Looks at Detector Geometry on GPUs
 - Thanks to Simon and Andrei
 - We have a [live notes document](#) and you can raise your hand to contribute
 - As usual we record the meeting
- We have the next few months' planned now:
 - 14 April, Introduction to FPGAs and their uses in HEP
 - 12 May, Alpaka abstraction library for kernels, plus Llama for data access
 - 9 June, JUWELS Booster talk and Belle II Event Interpretation
 - Please check Indico for the next slots: <https://indico.cern.ch/category/12741/>
 - Subscribe for announcements to compute-accelerator-forum-announce@cern.ch
- We have some ideas for other topics...
 - ...always very happy to get any suggestions and offers from you for future topics
 - compute-accelerator-forum-organizers@cern.ch
