Compute Accelerator Forum

- Welcome back after the summer* break!
- In today's meeting we have a talk from Christian Tott (Sandia Nat. Lab.) on Kokkos
 - One of the major developing toolkits for heterogeneous programming
- The [programme of meetings](#) for the rest of the year is shaping up
 - October - Report from GTC21, CERN IT GPU update
 - November - FPGA applications, CMS DAQ and LHCb Velo reconstruction
 - December - VecMem library, HPC/heterogeneous applications from CERN beams department
- And we have put placeholder slots into Indico for next year
 - We stick to the second Wednesday of each month, 16h30 CERN time
- As ever, please feel free to contact us for any interesting topics!
