

MT27, 27th International Conference on Magnet Technology

Friday, 19 November 2021

FRI-OR7-801 Cryogenics (10:00 - 12:00)

-Conveners: Yu WU; Toshiyuki Mito

time	[id] title	presenter
10:15	[690] Thermal characteristics of JT-60SA thermal shield	NATSUME, Kyohei
10:30	[171] Feasibility of different cryogenic systems for ReBCO coils based high-dynamic superconducting actuators	Mr TER HARMSEL, Jeroen
10:45	[930] Design and experimental investigations on the helium circulating cooling system operating at around 20 K for a 10-Mvar class HTS dynamic synchronous condenser	TAN, Jun
