

Madagascar_COVID

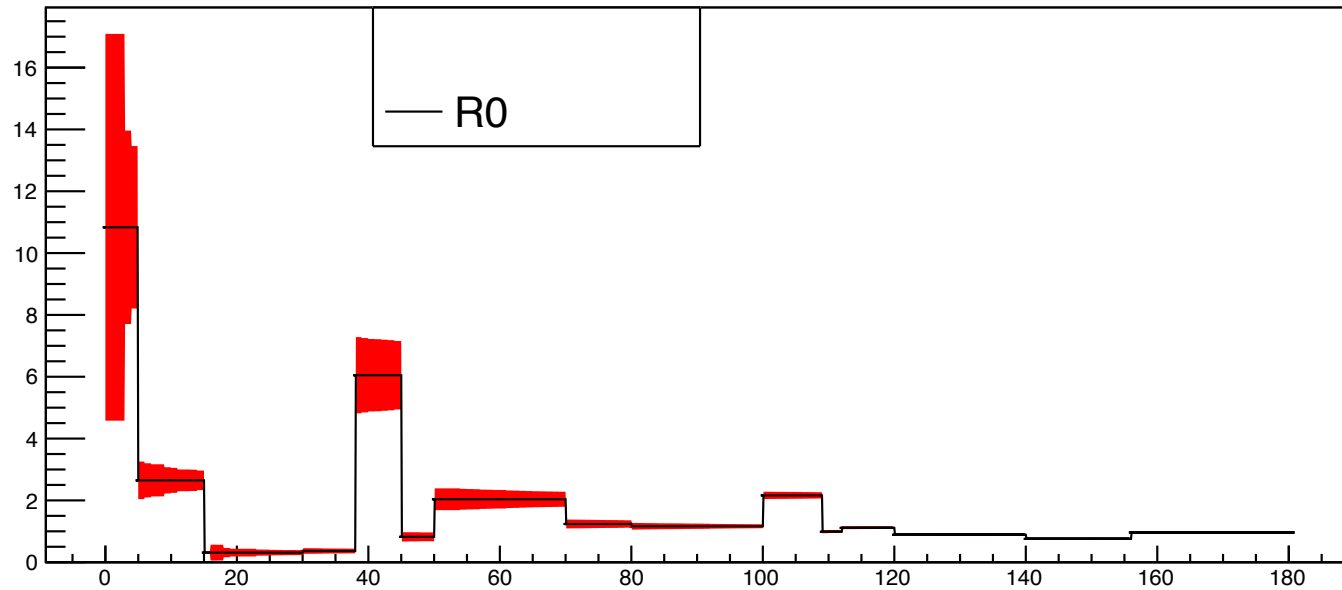

- We think it is a better fit now than the last one
- Still improving

Feno is our lead analyst

Updated results

- Statistical error are shown
- No systematic error yet: working on a better understanding especially a way to show healed/unaffected.
- Feno is looking for previous meeting notes and will update as soon as we have something.

- Please feel free to email us for any comments or suggestions or things we may have missed.
