

Third Conference of Nordic Network for Diversity in Physics.

Friday, 29 January 2021 - Friday, 29 January 2021

Book of Abstracts

Contents

How to reduce the uncertainty in anthropogenic climate forcing? –Connecting scales, methodologies and people is the key	1
Race, Science and Power	1
Norwegian perspective	1
Swedish perspective	1
Finnish perspective	1
Icelandic perspective	1
Danish perspective	1
Panel Discussion/Moderation	2
Welcome and technical remarks	2

1

How to reduce the uncertainty in anthropogenic climate forcing? –Connecting scales, methodologies and people is the key

Corresponding Author: ilona.riipinen@aces.su.se

2

Race, Science and Power

How to work against harassment - A discussion from a Nordic perspective. / 3

Norwegian prespective

Corresponding Authors: ashild.fredriksen@uit.no, anna.lipniacka@cern.ch

preliminary material

How to work against harassment - A discussion from a Nordic perspective. / 4

Swedish perspective

Corresponding Author: tomas.brage@teorfys.lu.se

How to work against harassment - A discussion from a Nordic perspective. / 5

Finnish perspective

Corresponding Author: hanna.vehkamaki@helsinki.fi

How to work against harassment - A discussion from a Nordic perspective. / 6

Icelandic perspective

Corresponding Author: jej@hi.se

How to work against harassment - A discussion from a Nordic perspective. / 7

Danish perspective

Corresponding Author: christa.gall@nbi.ku.dk

How to work against harassment - A discussion from a Nordic perspective. / 8

Panel Discussion/Moderation

Corresponding Author: helen.dannetun@liu.se

Welcome / 9

Welcome and technical remarks
