

Zimányi School 2020

Wednesday, 9 December 2020

Effective theories (section chair: György Wolf) (08:00 - 10:00)

time	[id] title	presenter
08:00	[44] A proposal of a new conventional formula for Bose-Einstein correlations	MIZOGUCHI, Takuya
08:30	[45] Phase diagram and dualities in two color QCD	ZHOKHOV, Roman ZHOKHOV, Roman
09:00	[46] Electromagnetic interaction of baryon resonances from pion-nucleon collisions	ZETENYI, Miklos ZETENYI, Miklos
09:30	[47] Exploring 3D structure of the Glasma	SINGH, Pragya
09:45	[48] Study of 2nd order susceptibilities with EPOS event generator	Mr JAHAN, Johannes
