

SURATÓMICA

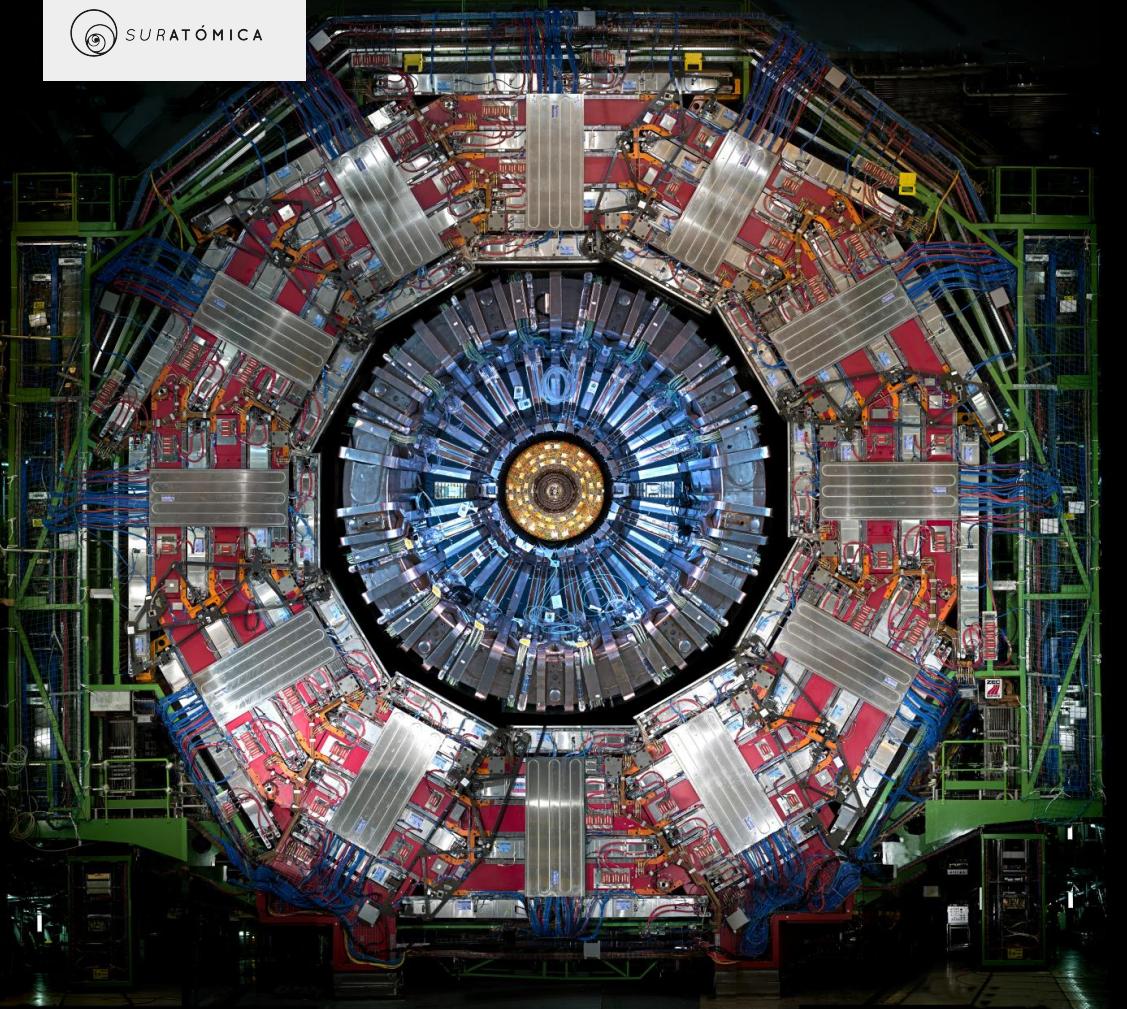

RED DE CREACIÓN - ARTE & CIENCIA

SURATÓMICA NETWORK

Suratómica is a network of organizations, groups and individuals at an international level that, under the ideas of collaboration and openness of knowledge, propagates scientific and artistic thought.

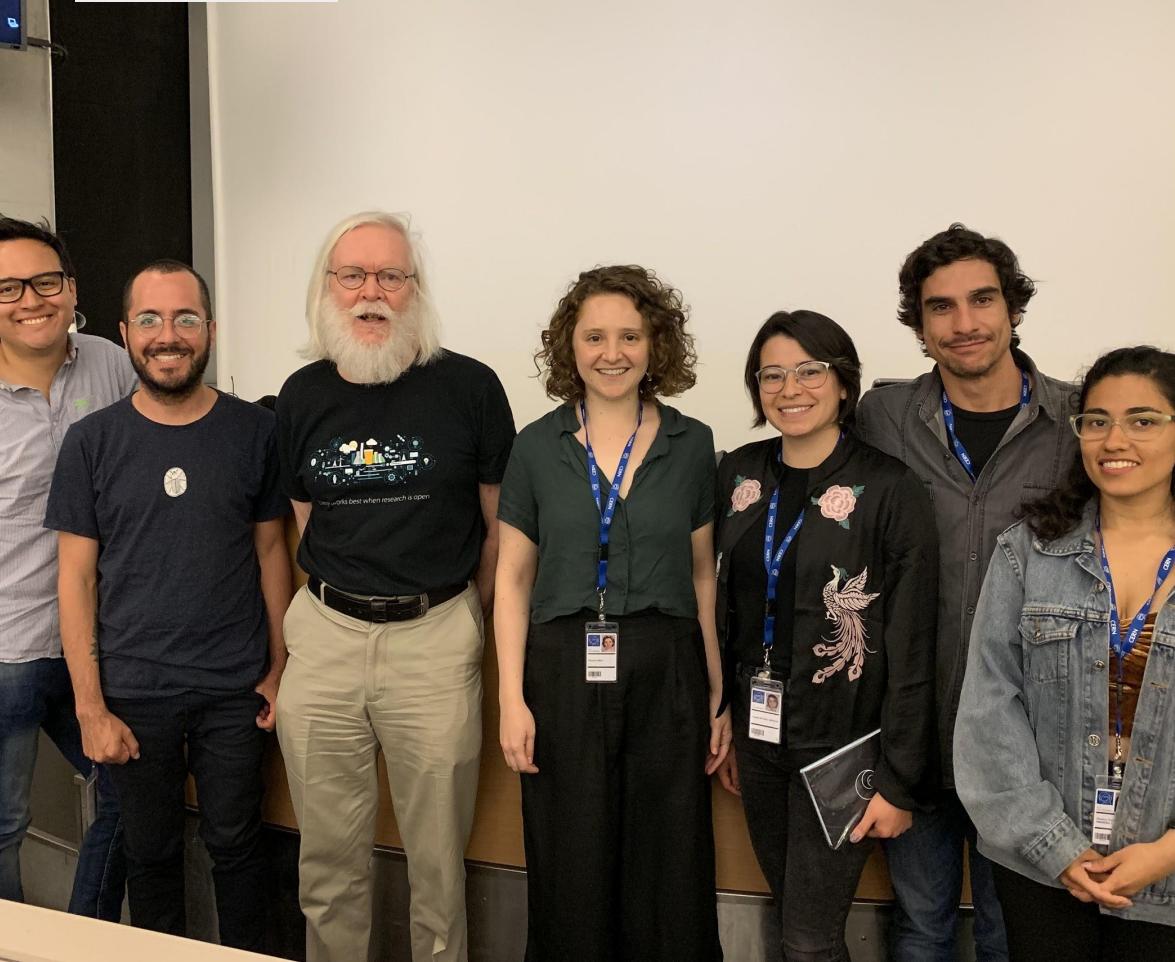

With a focus on Latin America and the Global South, the Suratómica network promotes new forms of dialogue between different areas of knowledge, opening spaces for creation and experimentation to strengthen reflection on science, society and alternative forms of organization.

COLLABORATORS

- [Art@CMS](#)
Education and outreach initiative of the CMS experiment at the Large Hadron Collider (LHC).
- [ORIGIN](#)
Scientific network of high-level scientific collaborations (CMS, ATLAS, ALICE, LHCb, LIGO, VIRGO, ICEcube) on particle physics, cosmology, gravitational waves and astrophysics.
- [CONHEP](#)
Colombian Network of High Energy Physics, bringing together particle physicists and astrophysicists from 18 universities and institutions across the country.

SURATÓMICA

- Suratómica Residency - ORIGIN network
- Suratómica Festival
- Study, research and creative groups
- Art and Science Encounters
- Exhibitions

CYCLES:

- 1- About or closer to the ORIGIN (2018-2020)
- 2- Non-Existing Frontiers (2020 - pandemics)
- 3- SINGULARITY (2021-2022)

AUTOORGANIZACIÓN Y NUEVOS MUNDOS POSIBLES

ART & SCIENCE

- NEW AND BETTER SOCIAL STRUCTURES
- ALTERNATIVE FORMS OF ORGANIZATION
- NEW KNOWLEDGE
