

Phenomenology 2021 Symposium

Tuesday, 25 May 2021

Cosmology III (14:00 - 16:00)

time	[id] title	presenter
14:00	[1133] Constraints on Axions from Cosmic Distance Measurements	BUEN-ABAD, Manuel
14:15	[1107] Cosmological Tension of Ultralight Axion Dark Matter and its Solutions	LEEDOM, Jacob
14:30	[1445] CMB birefringence due to ultra-light axion strings	JAIN, Mudit
14:45	[1401] Gravity waves from nonlinear dynamics of axion-like particles	Dr CHATRCHYAN, Aleksandr
15:00	[1156] White Dwarfs as Axion Probes	DESSERT, Christopher
15:15	[1416] Flavor-specific Neutrino self interaction in Cosmology	Mr GHOSH, Subhajit
15:30	[1184] Resonant neutrino self-interactions in astrophysical spectra	HYDE, Jeffrey
