

# 16th (Virtual) "Trento" Workshop on Advanced Silicon Radiation Detectors

## Thursday, 18 February 2021

### Session 10: Technologies and Applications (11:10 - 12:10)

-Conveners: Maurizio Boscardin

time	[id] title	presenter
11:10	[170] New multichannel modular detection system based on Silicon Drift Detectors	CIRRINCIONE, Daniela
11:30	[154] Radiation damage on FBK Silicon Photomultipliers	ALTAMURA, Anna Rita
11:50	[158] Epitaxial growth and characterization of 4H-SiC for detection applications	MELI, Alessandro
