Explore the universe with us

While constantly ideating and prototyping early-stage technology innovation, we are now looking for an adventurous capital partner willing to join us and benefit from our restricted gateways knowledge.

Access the IdeaSquare universe by partnering with us

#### 4 DON'T MISS OUT ON OUR INNOVATION PROGRAMMES

We run the Challenge Based Innovation (CBI) Student Programme and host several other innovation projects such as the CERN Entrepreneurship Student Programme (CESP). IdeaSquare collaborates closely with many labs and scientific user communities through the ATTRACT-project. Be the first to know about our numerous talent-mining opportunities by becoming an exclusive investor.

#### 3 HELP US DEFINE OUR NEXT SOCIETAL CHALLENGES

One of CERN's overall Knowledge Transfer goals is to accelerate innovation while maximising the global impact of technology for the benefit of society.
