

Call for Abstracts CPOD2021

The International Conference on Critical Point and Onset of Deconfinement

Dear Colleague,

we are pleased to announce the International Workshop on Critical Point and Onset of Deconfinement, CPOD2021, to be held online from Monday, March 15, 2021 until Friday, March 19, 2021.

The purpose of the conference is to discuss theoretical and experimental achievements in studies of the phase structure of strongly interacting matter at high temperatures and densities.

Scientific Program

The scientific program of the conference will include the following topics:

- Critical point
- Phase transitions
- Deconfined matter
- Hadronization
- Compact Stars
- Experimental facilities, detectors, and methods
- Next generation methods in data analysis

Conference website

<https://indico.cern.ch/event/985460/>

Venue

The conference will be held online via Zoom

Registration and Conference Fee

Online registration and abstract submission will open on December 21, 2020.

There will be no registration fee.

The proceedings will be published in the online edition of PoS (Proceedings for Science).
