

eos-ns-inspect

Backup verification.

Roberto VALVERDE (IT-ST, CERN)

02/03/2021

Backup use case

- Backup metadata information of user files for verification purposes.

```
eos-ns-inspect scan --path /eos/user/r/rvalverd --no-dirs --json --members  
eosinstance-qdb:7777 --password-file <pass_file> > rvalverd.metadata_out
```

```
