

Building bridges for FCC

Marcin Chruszcz
mchrzasz@cern.ch

FCC Polish Day, January 2021

The idea

For a Polish FCC consortium

- More visible in the FCC/CERN structures.
- Easier for Grant applications.
- Synergies between participating institutes.
- Knowledge transfer.

Initially interested institutes:

- Institute of Nuclear Physics PAN
- University of Silesia
- Cracow University of Technology
- Wroclaw University of Science and Technology

The plan

- ⇒ As first step apply for common funding in Poland. NCN OPUS. Any other candidates?
- ⇒ Next maybe some UE grants?
- ⇒ Extend the network:

The plan

- ⇒ As first step apply for common funding in Poland. NCN OPUS. Any other candidates?
- ⇒ Next maybe some UE grants?
- ⇒ Extend the network:

We extend the welcome all the interested parties to join the consortium
