

# SPC Update 2021-10-27

Axel Naumann, CERN ([axel@cern.ch](mailto:axel@cern.ch))

# Abstract Selection

236 non-duplicate, non-withdrawn abstracts

Track assignment checked, currently under review:

Track 1: 81

Track 2: 119

Track 3: 33

Review progressing well, current ETA for notifications remains Friday

MatterMost by BNL is a big help: thank you!

# SPC Meeting Oct 13

Maria Girone reported chairing experience from vCHEP: thank you!

Discussed abstract selection procedure

Recommendation to combine four (!) summary presentations into one, sessions recorded; helps schedule 15 invited plenary presentations

General support for ACAT 2022: community needs event in 2022

Next meeting tentative Nov 17: chairs, poster session dry-run

# Upcoming tasks

Send out abstract review decisions

Plenary speakers: registered, abstracts uploaded, scheduled

Schedule oral presentations (wrt time zones!)
