

CEM/IN – EN/IM

Kick-off meeting

CEM - Stakeholders

- IN – **established** (main user in BE)
- MRO – **new**
- MTA – **new**
- What about CSS/ISA ? Should it be split?
- What's the best approach?
 - Shared departments, stores....

Departments and Stores (Kiosk)

- Departments:
 - C01 - ??? (no assets)
 - CCIA – CSS/ISA (no assets nor positions)
 - CCIB – CEM/IN
 - CS06 - ??? (no assets)
 - CSPO - ??? (no assets)
 - CSSL - ??? (no assets)
- Can this be cleaned-up?

Stores

- Stores:
 - CCI-774-R-001
 - CCI-774-R-050
 - CCI-774-S-001
 - CCI-774-S-009
 - CCI02 (update name for coherency?)
 - FLEX
- What if a store changes location? Are the names following a certain convention?
- Functionality improvements
 - Scanning a set of HW modules, and issue them without switching stores...
 - 1350 assets outstanding... wrong usage? How to correct?

Access rights

- Ioan and Eve as CCI-ADM
- Can we get a table with the access rights for the team?
 - i.e. David Billard does not have the same rights as Pascal Cloye
 - Definition by e-groups?
- Could we edit those ourselves?
- What is CCI?

Workflow improvement

- Constant feeling things could be easier
 - **Requested at BE-AMMF to have a support/analysis in-situ**
 - Could we start planning this?
 - Meetings with new users in CEM necessary
- **Changes in Infor sometimes break Layout to Infor data publications**
- Possibility to move an asset structure e.g. a crate and its modules from one parent position to another?
- Possibility to create Part in InforEAM automatically when naming code created?
