Current Status of Bhabha Luminosity at 0.01%

Tuesday 16 March 2021 22:00 (20 minutes)

We present the current status of the assessment of the theoretical issues involved in reaching the targeted 0.01% precision for the FCC-ee/LC luminosity prediction. We also discuss its synergies with other precision theory requirements and efforts for the FCC-ee/LC physics programs.

Time Zone

Americas

Primary authors: WARD, Bennie (Baylor University (US)); PLACZEK, Wiesiek (Jagiellonian University (PL)); SKRZYPEK, Maciej (Polish Academy of Sciences (PL)); JADACH, Staszek (Polish Academy of Sciences (PL)); YOST, Scott (The Citadel)

Presenter: SKRZYPEK, Maciej (Polish Academy of Sciences (PL))

Session Classification: PD1/PD3: Theoretical Developments / Physics Analyses

Track Classification: Physics and Detectors Tracks: PD1: Theoretical Developments
