SFT Group Meeting, 25 January 2021

CERN Presence On Site

CERN Presence On Site 2021

- ❖ We are still in mandatory teleworking (\geq end of February)
- ❖ Last week we reach similar values as before the Christmas closure

COVID-19

- ❖ Testing on-site will start soon for:
 - ❖ colleagues called to go on essential duty travels (very restricted)
 - ❖ vulnerable persons needed to work on-site
 - ❖ periodic testing of particularly exposed personnel (e.g. CR shifters)
- ❖ Vaccination:
 - ❖ All personnel will be included in the respective national strategies and be **vaccinated in their country of residence**
 - ❖ Switzerland had opened its vaccination campaign to the holders of **Swiss legitimation documents** residing in France
- ❖ Proximeters:
 - ❖ 7000 were delivered, 1000 distributed. The proximeter wearing will be mandatory from 1st of March. Everybody is encouraged to pick it up
