

Details and guidelines for the ZOOM meetings of the ECFA Detector R&D Symposia

The symposium of TF2 Liquid Detectors will be run in seminar mode. Please everybody mute when not speaking and raise your hand in case of comments or questions. You are also invited to place your questions in the “chat” window. The chairs will call you to unmute.

Recording: The meeting will be recorded.

Questions or comments: Please raise your hand to speak (as by default participants are muted) or comment in the “chat” window. The chairs will call you to unmute.

Reactions: Use “reactions” to give your opinion without interrupting the meeting. It will be displayed for 5 seconds.

Breakout rooms: Breakout rooms will be used in the TF2 symposium for topical discussions. The rooms will be opened by the co-host/host and you can choose your favorite topic.
