

## **Release Statement for Participants in Schools at CERN**

In accepting to participate in the CERN-Fermilab Hadron Collider Physics Summer School, I understand and agree to the following conditions:

1. I shall ensure I have the necessary insurance coverage, including health and accident insurance, adequate for both the country in which the CERN School takes place and my country of residence (NB: in case you are enrolled in the CERN Health Insurance Scheme (CHIS), it satisfies these requirements);
2. I shall respect applicable rules and instructions of CERN and any co-organizer, written or verbal, and understand that they are subject to periodic amendment. In particular, I am aware of the CERN Code of Conduct, Operational Circulars n°5 and n°8, "Use of CERN computing facilities" and "Dealing with alcohol related problems", and, as the case may be, the CERN Staff Rules and Regulations;
3. My behaviour can reflect upon CERN and any co-organizer and I shall conduct myself accordingly, including in my online activities;
4. CERN and any co-organizer are not liable for any loss of, theft of or damage to any of my personal property or to third party property that I may use;
5. If I choose to participate in leisure activities, I must be medically fit to do so and, save for negligence or misconduct on the part of CERN or any co-organizer, I assume all related risks and liabilities;
6. My participation may be suspended or cancelled, without compensation, in case of a serious breach of these conditions;
7. CERN and any co-organizer reserve the right to cancel or postpone the School for reasons beyond their control. It is my responsibility to consider insuring against any travel-related cancellation costs, where relevant.
